Dear Friends and Supporters of the ICD,

We have finally reached an important milestone! The Nienburg/Weser Tax Office has issued the ICD its tax number and officially recognized its non-profit status. This means that the ICD can now move forward at full capacity and begin implementing its projects. We are now able to raise funds through donations and issue the corresponding donation receipts.

We have added donation buttons to our website, allowing supporters to contribute via PayPal through the **Join the Network** and **Contact** pages. Donations can, of course, also be made directly to our bank account with Commerzbank AG.

In addition, we have applied to be included on the list of eligible organizations for the allocation of monetary payments imposed as conditions under Section 153a of the German Code of Criminal Procedure (StPO).

With these developments, the ICD has established an important foundation for covering its operating costs and implementing its projects.

Our website is continuously updated and provides all relevant information.
